We look forward to seeing you there.

Dr. Andrey Bogdanov, CYBERCRYPT, Copenhagen

Dr. Andrey Bogdanov is CEO and Founder at CYBERCRYPT Group, which specializes in the development of novel cybersecurity technologies and data security consultancy for customers all over the world. He has 20 years of experience in cryptography, data protection and cybersecurity. Besides his business and consultancy background, he has around 100 research publications in these areas and was a professor of applied cryptography and cybersecurity at universities in Norway and Denmark, where he taught multiple courses related to data protection. He holds several patent families in cryptography and has co-authored a number of international and national standards in data encryption.

Thomas Hua, gbf Attorneys-at-law, Geneva

Thomas Hua is an attorney and partner at gbf Attorneys-at-law, where he focuses on corporate finance, commercial transactions and contract law. He is a trusted advisor of many digital economy ventures and regularly assists in structuring and completing key contracts, corporate finance and acquisition deals. He is also experienced in commercial disputes, technology transfer and licensing, unfair competition and data protection matters. Being fluent in Chinese, French and English, Thomas is the top address for matters involving Chinese parties.

David Mösch, gbf Attorneys-at-law, Bern

David Mösch is a notary of the Canton of Bern, attorney and counsel at gbf Attorneys-at-law. David Mösch advises both investors and founders of technology companies. He has more than ten years of experience in specialist and management functions in the insurance industry. He worked for the Swiss Financial Market Supervisory Authority FINMA for more than 10 years and was in charge of the legal service in insurance supervision. He does a mix of non-contentious and contentious work, authenticating deeds, as well as giving advice and representing his clients in litigation. His practice focuses on insurance and reinsurance contract and supervisory law and on corporate and trade law.

Marco Novoselac, gbf Attorneys-at-law, Zurich

Marco Novoselac is a notary in the Canton of Solothurn, attorney, and partner at gbf Attorneys-at-law. He specializes in technology, digital economy, trade & distribution and aviation, and has extensive experience in advising on corporate transactions and data protection law compliance. Additionally, he represents clients in enforcement and bankruptcy proceedings and has a background as an e-commerce entrepreneur.

Dominik Skrobala, gbf Attorneys-at-law, Zurich

Dominik Skrobala is an attorney and partner at gbf Attorneys-at-law. Due to his many years of experience in the IT sector he has an excellent understanding of complex technical concepts, in particular of internet-based business processes and technologies. He advises domestic and foreign technology service providers and financial market participants in the implementation of its business models and represents them before the FINMA.

Dr. Nando Stauffer von May, gbf Attorneys-at-law, Bern

Dr. Nando Stauffer von May is a notary of the Canton of Bern, attorney and partner at gbf Attorneys-at-law. Nando Stauffer von May advises both investors and founders of technology companies. He was the data protection officer of a reinsurance and an insurance company. He does a mix of non-contentious and contentious work, authenticating deeds, as well as giving advice and representing his clients in litigation. His practice focuses on corporate and trade law, data protection law, transport law, and insurance and reinsurance law.
